

Photovoice

Ethics

There really isn't that much to say at this point. I think the main area that PhotoVoice is beginning to focus more closely on are:

- ensuring that we provide a high standard of training to facilitators who work both as volunteers and paid freelancers.
- making sure that we are able to offer ongoing support to facilitators throughout the project cycle through a combination of one-off workshops (to reflect on and improve practice) and ongoing peer-to-peer reviews
- we also use e-forums to facilitate learning and discussion between facilitators
